

The Football Man: People & Passions in Soccer (Aurum Sports Classics)

Written just two years after England's 66 triumph when the national game was at its zenith, Arthur Hopcraft's *The Football Man* is repeatedly quoted as the best book ever written about the sport. This definitive, magisterial study of football and society profiles includes interviews with all-time greats like Bobby Charlton, George Best, Alf Ramsay, Stanley Matthews, Matt Busby and Nat Lofthouse. It is a snapshot of a pivotal era in sporting history; changes and decisions were made in the sixties that would create the game we know today.
