

Dateable: Are You? Are They?

Passion. Its the fuel for success, for dreams, for life. But too many teens focus their energy and passion on the wrong thing-the wrong person. Dateable pulls no punches in telling teens the truth about dating while also directing their passion toward a greater purpose in life. Teen relationships seldom last, the authors point out, so why should teens invest so much of themselves emotionally, physically, and spiritually? The answer? They shouldnt. Instead, they can protect their hearts, live with excitement, and enjoy relationships in a way that enhances rather than detracts from those theyll have in the future. With Justin and Hayley telling it like it is, teens will learn how to be dateable and how to evaluate the dateability of their latest crush. And theyll get some much-needed perspective on sex, his/her communication, clothes, God-even chick flicks. Dateable also includes sidebars, quizzes, callouts, and more.
