

EDI Level 2 ITQ - Improving Productivity Using IT Using Microsoft Office

This training guide has been written specifically for the EDI ITQ (IT User Skills) level 2 unit Improving Productivity using IT, which requires you to create appropriate IT solutions and be able to identify the most suitable computer software to complete a task. Each exercise in this guide has been designed to gradually build up your knowledge using a simple, user friendly, step-by-step approach. This unit requires you to identify any legal/local guidelines or constraints and be able to identify automated routines that can help improve productivity using IT. This guide provides you with the knowledge and techniques necessary to meet these learning outcomes.
