Drawing upon stories from professional players and coaches both former and current, this book provides aspiring tennis professionals with a dose of reality as it reveals all of the necessities of life off-the-court. Thousands of players try to make it on the mens tennis pro circuit every year without a clue that they must also be their own coach, travel agent, financier, promoter, lawyer, and accountant, while simultaneously turning their pro tennis dream into a sound business venture. From the mechanics of self-promotion to developing a business plan and keeping the machine going financially while maintaining the physical and mental stamina to improve their ranking, this book guides players, coaches, and parents through the nuts and bolts of turning pro.
