

Laura Middleton: Laura Middleton: Her Brother and Her Lover

Our young protagonist, of a virility to match his manhood, learns from randy maid Betsy that her Mistress and his childhood friend Laura oft steals away to a secret place to pleasure herself in the most solo of manners, his passions abound with lustful designs on the curious young woman. However Frank is not satisfied in solely seducing young Laura for he finds a like attraction towards her younger sibling, Master Frank. Between two Franks, Miss Middleton will indulge in the most deliciously lascivious of deeds. Frank, our narrator, also drinks deeply of the forbidden pleasures to be had of his own sex, and before long all three are lost to their innermost desires. When Laura marries, the trio are over the moon to find Sir Charles of like persuasion... cue menage a-many and all manner of deed and device their libidinous wills can conjure. This erotic classic, anonymously written in 1890, is perhaps one of the most scandalous to emerge from the Victorian underground, where those of the predilection cavort indiscriminately of age, sex, or position. A fine addition to any collection of once-banned literature.
