

## IEC 60130-6 Ed. 1.0 b:1965, Connectors for frequencies below 3 MHz. Part 6: Rectangular miniature multipole connectors with blade contacts

Covers a range of rectangular multipole connectors with blade contacts, with either solder type terminations or solderless terminations of the wrap type. Specifies IEC type designation, dimensions, gauges and ratings for 10, 16, 20, 26 and 39-pole connectors. Establishes climatic categories and a schedule for type tests.
