

Meeting Her Master

Since her mother left her father and placed the blame on her, Dahlia has been acting out. Now, at nineteen years old, her only goal in life is to seek pleasure anywhere and any way she can find it, no matter how high the cost to herself and those around her. Things show no sign of changing for her until the fateful night she meets a man who calls himself Master Blake. Blake makes her a simple offer. He will give her experiences she has only dreamed about. She will moan from the pain and the pleasure, often both at the same time, and when he is through she will yearn for more. Most important of all, he promises her that she will never be pushed away or cast aside again. All he asks in return is her total submission. Will she blow this chance at what she has always wanted, or can she learn to call this man her master? Publishers Note: Meeting Her Master is an erotic novel that includes extensive BDSM content, spankings, anal play, graphic sexual scenes, exhibitionism, elements of medical play, and more.
