

Notes on Life and Letters

Joseph Conrads Notes on Life and Letters was first published in 1921. It is a thin array (for such a stretch of time) of really innocent attitudes: Conrad literary, Conrad political, Conrad reminiscent, Conrad controversial. Well, yes! A one-man show or is it merely the show of one man? Including the political treatise Notes on the Polish Problem, the work presents different angles of thought to the public. From his life on the sea to all the different experiences with colonialism, the work covers a variety of subjects.
