

## Zoe

Short story (8,519 words) Helena is out shopping, and bored, and not finding anything she wants. Then she realizes a helpful sales assistant might actually be more than just helpful, and may in fact be flirting with her. Helena isn't sure what to make of that. The sales assistant seems fun, and confident, and actually interested in Helena, and the whole situation is quite intriguing except that the sales assistant won't actually admit what she's doing. And except that Helena has no idea what to actually do, if she is in fact interested in another woman.
